Rec Department at: 650.595.7441

The City of Belmont Parks & Recreation Department invite you and your family to participate in our 2nd annual, **Free Belmont Movie Night in the Park**. Our department is focused on building community and celebrating with families.

This Free Movie Night will take place in the meadow, and will feature food vendors and service providers who support our theme of climate protection including water and energy conservation and recycling.

Our big screen feature film is **Arctic Tale**. This cute film which follows a walrus and a polar bear from birth to maturity and parenthood in the frozen wilderness of the Great North. These magnificent creatures world was once a perpetual winter wonderland of snow and ice but now they face extinction as their icebound world melts from underneath them.

We encourage you and your family to bring your sleeping bags and blankets and enjoy a night under the stars with your community. Space is limited so come early and participate in the fun pre-movie activities, then snuggle down with your family and enjoy a night out at the movies.
